**MOSSA™ 3-Wheel
Space Divider**

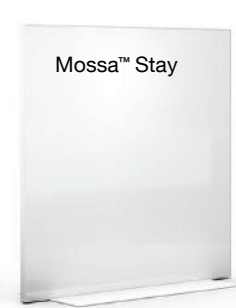

A safe and versatile solution for artful space division in healthcare, Mossa™ Mobile Glass Dividers provide flexible privacy while helping create a beautiful, calming environment.

Mossa™ 3-Wheel

Mossa™ 4-Wheel

Mossa™ Stay

SDX3 SmartView™
Powered by **CLC**

Introducing the next generation of smart glass: SDX3 SmartView. It's the first liquid crystal smart glass free from film interlayers, offering unparalleled clarity and lightning-fast transitions from clear to private.

DURABLE, CLEANABLE, PATHOGEN-RESISTANT

Skyline Design

Naturally non-porous, glass is durable, easy to disinfect, and can be customized for varying levels of privacy and visibility. Its allowance of healing natural light, aesthetic, and flexibility support both patients and providers.

Skyline Design produces interior and exterior glass products for healthcare and workplace environments. Skyline Design has been committed since its founding in 1983 to sustainable processes, materials, and techniques.
